Pasadena ISD tax/bond election nears

Two separate funding proposals will appear on the ballot for the Pasadena Independent School District's Nov. 7 special election.

While the two issues are independent of one another, they are inextricably connected and confusing to many voters, who see them as being contradictory in nature. To be decided are Proposition A, a no-tax-rate-increase bond election seeking \$135 million in funds for new construction, and Proposition B, a Tax Ratification Election (TRE), which asks voters to approve a 13-cent tax increase to cover the district's growing maintenance and operations costs.

"The system is far too complicated," said former PISD Superintendent Dr. Kirk Lewis. (See related letter on Page 2A.)

By state law, school tax rates are broken into two separate categories: the Maintenance and

Operations (M&O) tax rate and the Interest and Sinking (I&S) tax rate. The current M&O tax rate is \$1.07, and the I&S tax rate is \$0.28, combining to equal \$1.35 per \$100 in home value. Should Proposition A be passed by voters, the I&S rate would not increase.

The M&O tax rate covers the school district's day-to-day expenses, such as supplies, utilities and salaries, while the I&S tax rate funds debt incurred by selling bonds that are necessary to build new facilities, purchase land and renovate aging infrastructure.

In the past, the state has matched M&O tax revenue collected through property taxes in the school district on an approximate 50-50 split. Over the last decade, however, the complex formulas used by the state to calculate the payments have forced districts to now provide roughly 62 percent of the necessary funding on their own.

Confounding matters, the state will provide extra funding only if school districts increase their local tax rate, as proposed in Proposition B. Should the 13-cent tax increase be approved by voters, it would bring in approximately \$16 million in local revenue and force the state to match approximately \$20.7 million in additional funding, totaling roughly \$36.7 million annually for the school district.

"It's not a dollar-for-dollar thing," Lewis said. "It depends where you are, but as values go up, the state retains more money, or it sends you less. It's kind of a shell game, in reality. It's the state's way to make districts run a maximum rate. The whole provision of the state is to maximize local efforts. There's a basic allotment of what they'll give, and if you want more than that, you'll have to raise your local tax rate. They don't have to raise taxes on the state level; they can blame it on us (the school districts). What it boils down to is the state is putting in less per student. They haven't matched for enrollment growth, inflation, utility costs, gas costs. There's less and less (money) per student per year at the state level. That's why more districts are looking at TREs as the only choice."

Lewis largely blames the state Legislature for failing to properly address the situation.

"The current system is broken," Lewis said. "It has been for the last 10 years, and they (the Legislature) realize that. They just keep kicking the can down the road."

TRE (Proposition B)

PISD officials contend the TRE would allow the school district to accomplish the following:

- Remain competitive with surrounding districts in retaining and recruiting teachers and staff

- Continue innovative instructional programs
- Address student growth
- Offset costs from unfunded state mandates
- Offset the rising cost of utilities, salaries, fuel and medical insurance
- Maximize state funding

If approved, the impact of Proposition B on an average \$130,000 home in Pasadena would be

approximately \$9.97 per month, or 33 cents per day. Residents who are over 65 or disabled and have their taxes frozen will not be affected by the TRE.

Pasadena ISD has not raised taxes in more than a decade.

Bond (Proposition A)

Should the \$135 million bond proposal be approved by voters, it would provide for a variety of new construction projects and renovation efforts.

"Since Proposition A will not increase the I&S tax rate, PISD is essentially asking for our taxpayers' permission to purchase bonds for the recommended projects," said current PISD Superintendent Dr. DeeAnn Powell.

Projects identified by the district's Future Facilities Committee, and approved by the PISD Board of Trustees, include the following:

- New Riverstone Ranch intermediate school
- Red Bluff Elementary replacement campus (on site)
- Transportation facility and site work
- Maintenance and operations - warehouse facility
- Facility - safety upgrades
- Technology equipment
- Fine arts instruments
- New buses
- Facilities management

The special election is set for Tuesday, Nov. 7. Early voting will take place Monday, Oct. 23, through Friday, Nov. 3. For more information on Proposition A and Proposition B, visit www1.pasadenaisd.org/2017bondtre.

Man killed in Gulf Freeway crash

A man was killed in an automobile accident in the 18100 block of the Gulf Freeway near FM 2351/Clear Lake City Boulevard on Thursday, Oct. 5.

According to the Houston Police Department, the victim, Richard Espinoza of Pasadena, was traveling south on the freeway service road

around 4:05 a.m. in a gray Jeep when he struck the rear of a tractor-trailer truck parked in a moving lane of traffic while making a delivery to a car dealership.

Espinoza, 31, was pronounced dead at the scene.

The investigation was ongoing at press time.

South Belt storm debris removal continues

Storm debris removal efforts are continuing throughout the South Belt community following Hurricane Harvey, with cleanup nearing completion in some areas. Conversely, however, some local neighborhoods have yet to receive a complete pass-through by cleanup crews at press time.

Clear Brook City MUD

Having hired a private contractor in advance, the Clear Brook City Municipal Utility District is leading the charge locally in regards to recovery efforts.

The district began its third-and-final pass-through on Wednesday, Sept. 27. MUD officials said this process is expected to be complete by Oct. 31.

This is a time-consuming process, and each street may take more than a day to clear. Anyone who has had debris picked up since Sept. 27 will not receive any further pickups. All future debris removal will be the responsibility of the homeowner/resident or contractor performing repairs.

Residents with household storm debris should place it within 10 feet of the curb for pickup.

- Guidelines for debris are as follows:
- Do not place debris on top of or close to fire hydrants, mailboxes or on driveways.
 - Do not place debris over water meter boxes.
 - Do not place debris on driveways.
 - Do not place debris in drainage ditches or channels.

No new construction debris or household garbage will be picked up if it is mixed with storm debris. New construction debris is the responsibility of the contractor/resident to dispose of.

Household garbage will be picked up by the district's usual contractor - only if it is separated from the storm debris. This is per FEMA guidelines.

Clear Brook City MUD has collected all hazardous waste left at curbside as of Oct. 9. Any future hazardous waste will need to be properly disposed of by the homeowner. For more information, contact the City of Houston Household Hazardous Waste Information Line at 713-551-7355.

Should residents have any questions, contact the Clear Brook City MUD at 281-484-1562.

City of Houston

With the removal of more than 1 million cubic yards of Hurricane Harvey debris, the City of Houston Solid Waste Management Department has substantially completed its first pass of storm debris collection services. Many parts of the South Belt located in the city, however, have yet to receive a complete pass-through.

"I commend the hard work of Solid Waste Management employees and leadership as they have managed the cleanup of this overwhelming and emotional debris field," said Houston Mayor Sylvester Turner. "We should keep in mind that it wasn't simply debris at the curb but years and years of precious memories. Houstonians should take great comfort that our municipal and contractor crews have worked nonstop to provide relief as they have undertaken the difficult process of rebuilding their homes and creating new memories."

Since beginning debris collections on Aug. 30, the city, along with municipal crews from Austin and San Antonio and private contractors, have removed what is considered the most dangerous debris. This debris initially placed at the curb was soaked in floodwaters and considered a public health hazard by the city's chief health officer, Dr. David Persse. Debris collection will continue as homeowners continue to work through the devastation of Harvey's floodwaters, high winds and rains.

The initial pass has provided debris removal service to homeowners who were immediately available to return to their homes and begin removal of flooded furniture, appliances, carpet and Sheetrock. Additional passes will collect additional material, such as materials from those homeowners who have already begun work; homes that were untouched during the first pass; material generated due to leaking roofs or damaged outdoor property improvements (fencing); and green waste generated by fallen/broken trees or vegetation.

The second citywide pass is expected to take up to 60 days to complete and end by Dec. 1. Second-pass collection will move at a slower pace than the initial pass due to the inconsistency of impacted residents in starting and completing their property remediation.

Residents should move their debris curbside by 7 a.m., placing items away from fire hydrants, mailboxes, power lines and other objects that impact the overhead operations of the equipment used for collection. Residents are also strongly encouraged to remove vehicles away from debris piles. If access to the debris is blocked, crews cannot collect the items.

Debris separation rules:

Normal household trash - normal household trash and bagged debris of any kind will not be picked up with storm debris as part of this program. Garbage (black container) will be collected on its normal weekly schedule.

Vegetative debris - leaves (do not put in bags),

logs, plants and tree branches.

Construction and demolition Debris - building materials, carpet, drywall, furniture, lumber, mattresses and plumbing.

Appliances & related goods - air conditioners, dishwashers, freezers, refrigerators, stoves, washers, dryers and water heaters.

Electronics - computers, radios, stereos, televisions and other devices with a cord.

Household hazardous waste - cleaning supplies, batteries, lawn chemical, oils, oil-based paints, stains and pesticides.

For more information about the City of Houston Solid Waste Management Department and its services, visit www.houstonsolidwaste.org or call 3-1-1, the City of Houston's Customer Service Hotline.

Harris County

The subdivisions of Sagemeadow, Kirkmont and Kirkwood South are all being serviced by

Harris County. As with residences located in the city, cleanup efforts in the county are also taking longer to complete, with some households still not having received a complete first pass-through at press time.

County officials said three storm-debris-removal passes will be made in all, with the third-and-final pass-through being completed by the end of the year.

Again, residents are asked to separate their storm debris from household trash.

The Harris County Residential Debris and Damage Assessment Hotline has been established at 713-274-3880 to assist residents living in unincorporated areas of the county with recovery and rebuilding after Hurricane Harvey.

Residents are encouraged to report any hazardous materials spills to the Harris County Pollution Control Services Department at 713-920-2831.

Evening of Cuisine a success!

The 20th annual Evening of Cuisine, held at The Gardens on Thursday, Oct. 5, was a huge success, raising thousands of dollars for the South Belt-Ellington Chamber of Commerce. Savannah Café & Bakery excelled at the event, taking home prizes for Best Booth Design, Best Dessert (People's Choice) and Best Dessert (Kid's Choice). In My Opinion

Kirk Lewis supports PISD TRE, bond

I am incredibly proud of the students and staff of Pasadena ISD. The progress made over the years through great principal leadership and outstanding teaching created an amazing learning environment for our children and grandchildren. Our students now have opportunities that our children simply didn't have 10 years ago. The state legislature's failure to provide additional funding for school districts across the state for the next two years puts all we have gained at risk.

That's largely why Pasadena ISD is holding a 13-cent tax ratification election (TRE) on Tuesday, Nov. 7. Though it will increase our tax rate for the first time in 10 years, the TRE (Proposition B on the ballot) will provide additional funding to allow the district to continue and to expand its outstanding academic initiatives, such as full-day prekindergarten, advanced placement courses, dual credit, Early College High School programs and Connect, the personalized learning program that has brought national attention to our district. If Proposition B fails, the district will face the tough choice of cutting staff and programs to make ends meet. Many of these programs will be scaled back or eliminated.

Here's the ironic twist to this. Through a quirk of the state funding laws, the state will increase its funding of local school districts if, and only if, the district increases its tax rate as proposed in Proposition B. For Pasadena ISD, that means the state will be required to send the district \$20.7 million annually in matching funds. Those matching state funds will go a long way to help the district sustain its most outstanding programs and to continue recruiting and retaining our amazing teachers and staff. That means for every dollar you and I pay in new taxes, the state will contribute another \$1.24.

We must vote FOR Proposition B if we want the district to keep providing these highly effective and inspiring programs.

You will also find on the ballot Proposition A, a \$135 million bond package that will build a new intermediate school to relieve overcrowding at that level, a replacement campus for Red Bluff Elementary (built in the 1950s) and necessary facility improvements in our transportation and maintenance departments. As the district has been able to do in the past, this bond will not require a tax rate increase.

As a community, you have constantly supported our schools in the past. Join me again on Nov. 7. Vote FOR on both Propositions A and B. Your positive vote will make a positive difference in the lives of our students.

Dr. Kirk Lewis,
Retired Superintendent, Pasadena ISD

Fire marshall writes on fire prevention

The Harris County Fire Marshal's Office, in coordination with the National Fire Protection Association (NFPA), announces this year's Fire Prevention Week theme, "Every Second Counts: Plan 2 Ways Out!" This year's message works to better educate the public about the critical importance of developing a home escape plan and practicing it. Fire Prevention Week is October 8-14, 2017.

"Developing and practicing a home escape plan is like building muscle memory," said Mike Montgomery, Harris County Fire Marshal. "That pre-planning is what

everyone will draw upon to snap into action and escape as quickly as possible in the event of a fire."

In a typical home fire, you may have as little as one to two minutes to escape safely from the time the smoke alarm sounds. That's why home escape planning is so critical in a fire situation. It ensures that everyone in the household knows how to use that small window of time wisely.

In support of Fire Prevention Week, the Harris County Fire Marshal's Office encourages all residents of Harris County to develop a plan together and practice it. A home escape plan includes working smoke alarms on every level of the home, in every bedroom, and near all sleeping areas. It also includes two ways out of every room, usually a door and a window, with a clear path to an outside meeting place (like a tree, light pole, or mailbox) that's a safe distance from the home.

For more information about Fire Prevention Week and escape planning, visit www.hcfmo.net or www.firepreventionweek.org.

M.S. Montgomery Fire Marshal Vote "Yes" for PISD needed propositions

As you may know, the Pasadena Independent School District is holding an election, Tuesday, Nov. 7, 2017. Early vote starts October 23 - November 3rd. It has two very important propositions needing approval.

Proposition A is \$135 million bond, which does not require tax rate increase. It will add new intermediate in South Belt area, replacing Red Bluff Elementary (1954), new vehicle maintenance facility, district warehouse, safety and technology upgrades.

Proposition B is tax ratification election, asking voters to allow board of trustees to increase taxes, 13 cents for the maintenance & operations budget, which includes salaries and maintenance operations. When it passes it will create, \$16 million more revenue, but with the goofy funding state funding formula, the state is required to provide the district additional \$20 million annually, \$36 million total. This increase important it passes, since the school district, like all other public school systems has been receiving state funding that has been flat for 10 years. PISD, has not had a tax rate increase in 10 years. If the tax ratification does not pass the school system does not receive the \$20 million funding and \$36 million annually will be gone. Seniors taxes will not be affected.

The board of trustees has put off, for the past 6 years calling the tax ratification which the state requires them to do. Each biennial session of the Texas legislature there is talk about changing the funding system for public schools, even the state courts have ruled it to be unenforceable and ordered to correct. But to date including this year's session and special session, nothing was done to address the need in changing the system. Thus, because that failure it comes back to you the local taxpayer. The district has been deficit budgeting for over three years, hoping the system would change, but can no longer keep staff and services at present level with out this infusion of income.

Many of the surrounding districts have already passed this TRE.

I encourage you to vote and vote yes for both propositions A & B.

San Jacinto sets open auditions for Santa's Christmas Magic

The San Jac College theater and film department will hold open auditions for adults and children for the annual holiday

production of *Santa's Christmas Magic: The Musical*. The production is a tradition both for the viewing audi-

ences, and for community families in the production itself. For years, children have been returning to appear in the fast-

paced holiday favorite. "It's a high-energy musical that includes acting, singing, a lot of dancing, and there are even chase scenes," said Dr. Jerry Ivins, Central campus theater and film department chair.

"This will be our 22nd year to present a Christmas show, which has developed into a holiday tradition for the community. Nearly every performance has sold out since we introduced the production."

The first auditions for ages 12 and older will be held Monday, Oct. 23, and on Tuesday, Oct. 24 at 6 p.m. on both dates.

Auditions will be held at the Central campus Powell Arena Theatre (Building 13), 8060 Spencer Hwy. in Pasadena. Thirty to 60 actors are needed, females and males, ages 12 to 83.

Auditions for children ages four and older will be held Wednesday, Nov. 29 and Thursday, Nov. 30 at 6 p.m. on both dates.

Enrollment in the College is not required, and acting experience is not required for those interested in auditioning.

Rehearsals will begin on Thursday, Oct. 26 and will

continue Monday through Friday from 6 to 10 p.m. until the first performance.

The show opens Thursday, Dec. 7 and will run until Sunday, Dec. 17.

Santa's Christmas Magic: The Musical is a fantasy about a sinister plot to steal Santa's magic. Highlights of the show include toys that come alive and dance and sing, and singing children elves. Children in the audience can visit Santa Claus at intermission.

For more information, visit sanjac.edu/career/theatre-film.

A South Belt man was killed in a motorcycle accident Saturday, Oct. 8, in the 9400 block of Blackhawk between Fuqua and Almeda Genoa. Derek Hartwell, 40, was pronounced dead at the scene. According to investigators, Hartwell was traveling south on Blackhawk on a silver Harley Davidson motorcycle when he struck a blue Dodge Durango SUV at the intersection of Wolcott Park Lane. The driver of the SUV had reportedly failed to yield the right of way after leaving a stop sign, police said. The driver of the SUV exhibited no signs of intoxication. She was questioned and released.

Lewis named National ACCT faculty award recipient

The Association of Community College Trustees has named Matthew Lewis, San Jacinto College qualitative research analyst, as its 2017 William H. Meardy Faculty Member Award recipient. Prior to receiving the national faculty award, Lewis was named the ACCT Western Region Faculty Award recipient in July. ACCT's regional and national awards recognize the tremendous contributions made by community colleges and their leaders to meet the needs of their communities. Award categories include: Trustee Leadership Award, Equity Award, Faculty Member Award, Chief Executive Officer Award and Professional Board Staff Member Award. "Being honored in this way, for the work we are doing at San Jacinto College, is incredibly validating, and kind of overwhelming!" said Lewis. "Over and over, our entire profession is recognizing our efforts to better the lives of our students. We are national leaders, and for such an incredibly good cause. This experience has

made that very real for me. It's empowering, having this faith in our work so deeply affirmed." Formerly a math professor at the college's South campus, Lewis recently transitioned into his new role as a qualitative research analyst, supporting the college's ongoing advancement in leveraging data for institutional improvement work. He will also continue his leadership role in implementing the college's SmartStart program. As part of the college's implementation of the national American Association of Community Colleges (AACCC) Pathways Project, the SmartStart program features a student cohort model that consists of contextualized instruction with integrated student support, student and faculty learning communities and guided career pathway evaluation and selection. "The San Jacinto College Board of Trustees and I are extremely proud of Matt being recognized as this year's ACCT national faculty award recipient," said San Jacinto College Chancellor Dr. Brenda Hellyer. "This award is a testament to all of our faculty's efforts on the innovative approaches we take on degree completion and state-of-the-art workforce industry training. "As a participant in the national Pathways Project, San Jacinto College is making great strides to ensure success at each step of our students' educational journeys. Matt has been a leader in this work!" For information on the college's progress with the Pathways implementation, visit sanjac.edu/pathways.

Dobie cross-country to 22-6A Championships

At right, the Dobie girls' cross-country teams are set to compete in the District 22-6A Championships after a strong finish to the regular season at the Pasadena High School Invitational Oct. 5 at Memorial Park in Pasadena. Dobie junior varsity runner Alexis Lopez (left in photo) was 15th in her race while Amari Singleton placed 16th in the 5K varsity girls' division. Dobie is now preparing to compete at the 22-6A Championships Thursday, Oct. 12, in Deer Park. The host Deer are considered the front-runners for the title in both varsity divisions, but Dobie is intent on challenging the top competitors. Singleton, a freshman, is looking to make a push toward the front of the pack in her first post-season event. Lopez is also hoping to continue her solid season in the final JV event on the schedule.

Team finishes 5-1 JFD tennis is second; to take on Atascocita

Fresh off a 10-2 victory over Memorial to close out District 22-6A action Oct. 10, Dobie varsity tennis unit has secured the No. 2 seed in the final standings and is set to begin the postseason.

The University Interscholastic League, the official governing body of extracurricular activities in the state's public schools, has brought team tennis into the same style of bracket playoffs as is used in all of the other team sports.

What that means is that Dobie will face the No. 3-seeded Atascocita Eagles Tuesday, Oct. 17 in the bidistrict round of the postseason.

Either the Longhorns or Eagles will then advance to play either the District 23-6A champion Dawson or Clear Falls, the No. 4 team into the same style.

Memorial claims Battle of the Beltway trophy

By John Bechtle Sports Editor

Junior tailback Kris Morris had his best game as a Longhorn with 157 yards rushing including a 60-yard touchdown scamper in the fourth quarter.

Unfortunately, Morris' work wasn't nearly enough to lift the Longhorns to a victory over Memorial as the Mavericks secured the Battle of the Beltway trophy for the second straight season with a 38-13 victory Oct. 6, at Pasadena ISD's Veterans Stadium.

The Mavericks predictably leaned heavily on senior tailback Alex Williams, who eclipsed the 200-yard mark on the ground while scoring five touchdowns. Kicker Bubba Baxa, a University of Miami commit, made good on a 54-yard field goal as Memorial controlled things for much of the way.

At 0-4, the Longhorns have trailed early by big margins in three of their four defeats. During the opening week of 22-6A play, the Longhorns held Deer Park to just seven points in the first half, but the Deer exploded for 21 quick points in the second quarter to lead big en route to an eventual 42-0 victory.

Now at 0-2 in the District 22-6A race to the postseason, the Longhorns will have a chance to regroup on a bye week prior to facing South Houston Oct. 20 back at Veterans Stadium.

The Trojans, who defeated La Porte for the first time since 2007 with a 23-13 win Oct. 7, are now off to a 2-0 start in district play with a huge road game coming against

Deer Park at Abshier Stadium.

Morris gets loose

Memorial did a fairly good job of keeping Morris and the rest of Dobie's offense in control, but two big runs by Morris were asterisks on his big night. Morris had a 56-yard run to go with his 60-yard touchdown gallop, and he also had a big kickoff return.

Aside from what Morris was able to produce, the Longhorns also got a touchdown in the passing game in the third quarter.

Dobie junior tailback Kris Morris (20), who had 60 and 56-yard runs against Memorial as part of a big night against Memorial, gets a key block from Justin Thomas (18) on the Mavs' Trevor Robinson (2) in the first half of Memorial's 38-13 victory Oct. 6. Thomas also had a touchdown grab for Dobie.

including its league win over Clear Falls. However, senior quarterback Sam Mathews and his Clear Creek teammates changed all of that Oct. 6 at Chal-

Chapman caught touchdown passes of 6 and 33 yards to give him 12 scores.

Just a week after scoring 55 points in a win over Clear Falls, the Wolverines surrendered 55 in a 55-42 loss to Clear Creek as both teams moved to 1-1 in league play.

In a bit of a surprise, Friendswood and Clear Lake have both opened District 24-6A action at 2-0, as has defending league champion Clear Springs.

Dickinson, which has advanced to the third round of the postseason in consecutive seasons, has gone winless in two district games.

Clear Brook had been flying high at 3-0 overall,

lenger Stadium in Webster.

Mathews put together a career game against the Wolverines, accounting for more than 400 yards of offense. He rushed 25 times for 288 yards, scoring on runs of 3, 1, 54, 58 and 27 yards.

Mathews led the Wildcats to touchdowns on eight of their 10 drives in the game, including each of the team's final five. Another drive ended with a missed field goal.

Once again, quarterback Jaizac Garcia and receiver Caleb Chapman played key roles in generating offenses for the Wol-

Battlin' Bears roll past South Houston

Beverly Hills inched toward its anticipated showdown with Thompson by handing the South Houston Indians defeats in three of four games Oct. 2-3.

Bears' 8A 36 South Houston 6
 The Bears' eighth-grade A team stayed unbeaten at 2-0, using a big second half scoring outburst to dispatch the Indians 36-6. South Houston actually led the Bears 6-0 at half-time before the locals took control over the final two quarters.

Beverly Hills' Demonte Seymore continued the strong start to his season as he scored five touchdowns, and teammate Trajan Davis scored once as the Bears rallied for the win.

The Bears' offensive line standouts were Dekary Ramsay and Issac Gonzalez as they helped the running game come together in a big way.

Jordan Barrett and Jose Ramirez were the defensive standouts for the Bears as the Indians were unable to sustain anything much offensively in the second half.

South Houston 6 Bears' 7A 0
 South Houston returned the opening kickoff of the game for the lone score of the day, leaving the Bears' seventh-grade A team on the short end of a 6-0 score.

According to the BHI coaching staff, penalties and mental errors led to the locals being largely unable to mount much on offense as the Indians

hung for the win, sending the Bears to 1-1 this season.

Bears' 8B 21 South Houston 0
 A big second half, including two touchdowns, helped lift the Bears' eighth-grade B team to a 21-0 victory over South Houston.

An overall team effort led to the win as the Bears moved to 2-0 this season.

Bears' 7B 20 South Houston 0
 As was the case at the

eighth-grade level, the Bears' seventh-grade B team came up with a team effort to ultimately hand the Indians a 20-0 setback.

The Bears went up against the always-tough Bondy Patriots Oct. 9-10, and those results will appear in next week's issue of the *Leader*.

Lions sweep Jackson
 A week after facing a tough Bondy program in four games, the Thompson Lions kept their strong season going with a four-

game sweep of the Jackson Wildcats.

In the eighth-grade A game, the Lions came up with a 32-0 victory to win their first game of the season. Thompson was 1-0-1 heading into week three action after press time.

The Lions' eighth-grade B team delivered a tidy 14-0 victory over the Wildcats, moving to 2-0 this season with the decision.

Thompson also won both of its games at the

seventh-grade level to close out the series sweep.

In the seventh-grade A game, the Lions roared their way to a 27-0 victory to keep their strong season going.

Ditto for the seventh-grade B team as the Lions cruised 31-0 over the Wildcats.

The Pasadena ISD season includes one more week of regular games, Oct. 23-24, before the start of the postseason comes the following week.

Brook football drops key 24-6A contest against Wildcats

Continued from Page 1B Michael Norris, who has played a key role generally as a reserve running back for the Wolverines, made his presence felt with touchdown runs of 74 and 53 yards in the contest, one in which big defensive plays were at a premium. Garcia came up with a 53-yard touchdown run late in the game for the Wolverines, but the locals simply could not stop the Wildcats from doing damage from anywhere on the field. So the District 24-6A race has gone another week and some of the contenders are beginning to emerge. Unfortunately for the Wolverines, they are now likely to have to come up with a big win against Friendswood, Clear Springs or Dickinson in order to keep their lofty playoff aspirations flying well into November.

It's Atascocita/Dobie in bidistrict tennis

Continued from Page 1B
 seed out of 24-6A in the area round.
 Dobie missed out on its chance to win the 22-6A crown following a 13-6 loss to Deer Park, but the matches were much more tightly-contested than the final score indicated.
 Manuel Moreno Jr., Dobie's longtime head coach, said his team needs to focus more on closing out some of those tight matches that have previously gone the other way in order to advance.
 The Longhorns have not had much success against Deer Park in recent years, but Moreno said his team was in a winnable scenario this time around.
 But the Longhorns lost three supertiebreakers, including one by a 12-10 score. In the end, Deer

Park escaped with a 13-6 win, but Moreno believes with a break or two the way of the Longhorns, they could have come away with the requisite 10 wins needed to claim the duel.
 Just a day later, the Longhorns hosted La Porte and ran away with things to the tune of a 15-4 score. Because Beaumont West Brook forfeited its 22-6A match against the Longhorns, the Oct. 10 go-round with Memorial was the finale for both teams.
 Dobie did win 10-2, but again, Moreno came away less than thrilled with the way the Longhorns finished in the doubles. Dobie led 4-3, but Moreno said the Mavericks nearly pulled out a couple of wins that could have swung the

score.
 Dobie did win in the No. 1 boys' ("Big" Tommy Nguyen/Luis Neira) and No. 2 boys' ("Little" Tommy Nguyen/Adrian Tamez) doubles spots and thus pulled away for the win, and Moreno would like to see more of it.
 "We just have to play better in doubles," Moreno said. "Historically, we prefer to jump out to a 5-2, 6-1 lead after the doubles and then get those other four wins in singles. We haven't been closing out some of these matches."
 "We will be playing a lot of supertiebreakers in practice between now and when we play Atascocita." The positives? "Big" Tommy Nguyen, who is undefeated at 6-0 in the No. 1 boys' singles slot for the Longhorns, heads

a solid group of seniors who are intent on finishing strong this season.
 Moreno also praised the play of Emily Nguyen and Bao Nguyen in girls' No. 2 doubles.
 After dropping a couple of tiebreakers against Deer Park and La Porte that turned into heart-breaking match losses, the duo returned against Memorial and scored an impressive 6-2, 6-0 victory.
 The Longhorns will compete in an intrasquad match Friday, Oct. 13, at 2:30 p.m. and will use pink tennis balls to support breast cancer awareness month.
 After that, it's all about beating Atascocita and getting to the area round. "I know the kids will compete, we just have to finish matches," Moreno said.

Lady Longhorns handling VB business

The Dobie varsity girls' volleyball team may not be able to secure one of the top two playoff seeds in District 22-6A, but it's looking more and more like the locals are post-season bound.
 Back-to-back wins over South Houston and Sam Rayburn have the Lady Longhorns standing at 7-3 in the current standings with four more league matches remaining.
 Deer Park, the defending unbeaten league champion, is again perfect at 10-0, with Beaumont West Brook just a match behind at 9-1.
 It would take a huge collapse by either of those teams to help the Lady Longhorns improve their present No. 3 playoff seeding, but there are worse things in the high school volleyball world.
 Dobie's 7-3 record gives it a two-match lead over fourth-place La Porte,

and Memorial trails Dobie by three matches with four to go. Dobie defeated both La Porte and Memorial in the first half of district play.
 In getting to its 7-3 record, Dobie simply took care of business against teams below them in the standings.
 On Oct. 6 against South Houston, Taylor Pleasants had 12 kills and Natasha Walters added nine as the Lady Longhorns defeated the Trojans 25-7, 25-8, 25-14.
 Dobie then played at Sam Rayburn Oct. 10, coming up with an easy 25-21, 25-13, 25-13 win as Pleasants paced the team with 13 kills.
 The Lady Longhorns host an improved Pasadena team Friday, Oct. 13, at 6:30 p.m., before finishing out the regular season with

matches against La Porte, Deer Park and Memorial.
Brook needs wins
 Consecutive losses to Clear Creek and Friendswood have Clear Brook tied for fifth place in District 24-6A with four

matches remaining.
 Friendswood has clinched a playoff berth at 10-0, with Clear Falls at 8-2. Clear Creek is 7-3, with Clear Springs at 6-4. Clear Brook and Clear Lake are both 4-6.

Longhorn football on bye week

Continued from Page 1B
 Jacob Sims, subbing for starter Jacob Sulak, found Justin Thomas for eight yards and a touchdown to get the Longhorns on the scoreboard after falling behind 24-0. And back-up running back Andrew Logan had a solid game, rushing for 56 yards on 15 carries.
 To this point, the Longhorns have fallen behind quickly in each of their games, fighting from behind the rest of the way.
 The passing game has for the most part been unable to deliver the big play, and opposing running games have had success

against the Longhorns' defense.
 Now comes a bye week for the Longhorns, and then comes a contest against Sam Rayburn. The Texans feature standout tailback Stanley Hackett, who went for 288 yards

on the ground against La Porte.
 With four district games remaining, the Longhorns can certainly rebound from an 0-2 start and get back into playoff consideration, but it has to start against Sam Rayburn.
